FLAG DAY PROGRAM IS TO BE GIVEN IN ORPHEUM

Flag Day exercises of Ogden lodge No. 719, B. P. O. E., to which the public is invited, will be held Thursday evening, June 14, at the Orpheum theatre, starting at 8 o'clock.

The event will have special significance this year because of war conditions. The color guard of Troop B, national guard of Utah, will give the reveille and the retreat, the Southern Pacific band will play opening and closing numbers and there will be vocal selections of a patriotic nature.

H. J. Parker is to give the flag record, James A. Howell will give the Elks' tribute to the flag. The exercises of the lodge will also be carried through by its officers. Hon. Mathoniah Thomas is to deliver the patriotic address.

Following is the program:
Selection—Southern Pacific band.
Reveille—Color guard, Troop B, N. G. U.

Song—"The Star Spangled Banner," members of lodge and audience.
Oh! Say, can you see, by the dawn's early light,

What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars thro' the perilous fight,

O'er the ramparts we watch'd, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,

Gave proof thro' the night that our flag was still there.

Be popular—clear your skin with Resinol Soap

Does a pimply, unattractive skin shut you off from admiration and pleasant associations? Each time you cleanse your face with Resinol Soap you give it a "beauty treatment" with the soothing, healing Resinol medication. If aided, in severe cases, by a little Resinol Ointment, this usually leaves the complexion naturally clear and fresh.

All druggists sell Resinol Soap and Ointment. For sample of each, free, write to Dept. 15-N, Resinol, Baltimore, Md.

SUBSCRIPTIONS TO LIBERTY LOAN

Not One of 12 Federal Reserve Districts Meets With Requirements.

WASHINGTON, June 11.—Totals of subscriptions to the Liberty loan, aggregating \$1,200,000,000 as announced Friday by Secretary McAdoo, were made public by the treasury department showing that not one of the 12 federal reserve districts has subscribed to its minimum allotment, although New York, with the most favorable showing, has nearly reached the minimum.

In some instances the amount of subscriptions from federal reserve districts has fallen to less than one-third of the allotments. The figures made public are based upon actual subscriptions forwarded to the reserve banks. They follow:

New York, subscriptions, \$588,000,000; allotment, \$600,000,000 to \$700,000,000.

Boston, subscriptions, \$135,000,000; allotment, \$244,000,000 to \$300,000,000.

Philadelphia, subscriptions, \$61,000,000; allotment, \$140,000,000 to \$175,000,000.

Richmond, subscriptions, \$35,000,000; allotment, \$80,000,000 to \$100,000,000.

Atlanta, subscriptions, \$22,000,000; allotment, \$60,000,000 to \$75,000,000.

Chicago, subscriptions, \$138,000,000; allotment, \$260,000,000 to \$325,000,000.

Cleveland, subscriptions, \$153,000,000; allotment, \$180,000,000 to \$225,000,000.

St. Louis, subscriptions, \$27,000,000; allotment, \$80,000,000 to \$100,000,000.

Minneapolis, subscriptions, \$50,000,000; allotment, \$90,000,000 to \$100,000,000.

Kansas City, subscriptions, \$34,000,000; allotment, \$100,000,000 to \$125,000,000.

Dallas, subscriptions, \$20,000,000; allotment, \$40,000,000 to \$50,000,000.

San Francisco, subscriptions, \$37,000,000; allotment, \$140,000,000 to \$175,000,000.

The figures include subscriptions which had been received through all agencies, including the banks, by federal reserve banks, at the time Secretary McAdoo made his announcement.

San Francisco, on the face of returns, is lagging furthest behind the rest of the country, with little more than 20 per cent of the total of her maximum allotment and Atlanta, third, with little less than 30 per cent of her maximum allotment.

Oh, say, does that star spangled banner yet wave
O'er the land of the free, and the home of the brave?
Introductory Exercises—Exalted ruler and other officers.
Prayer—Chaplain.

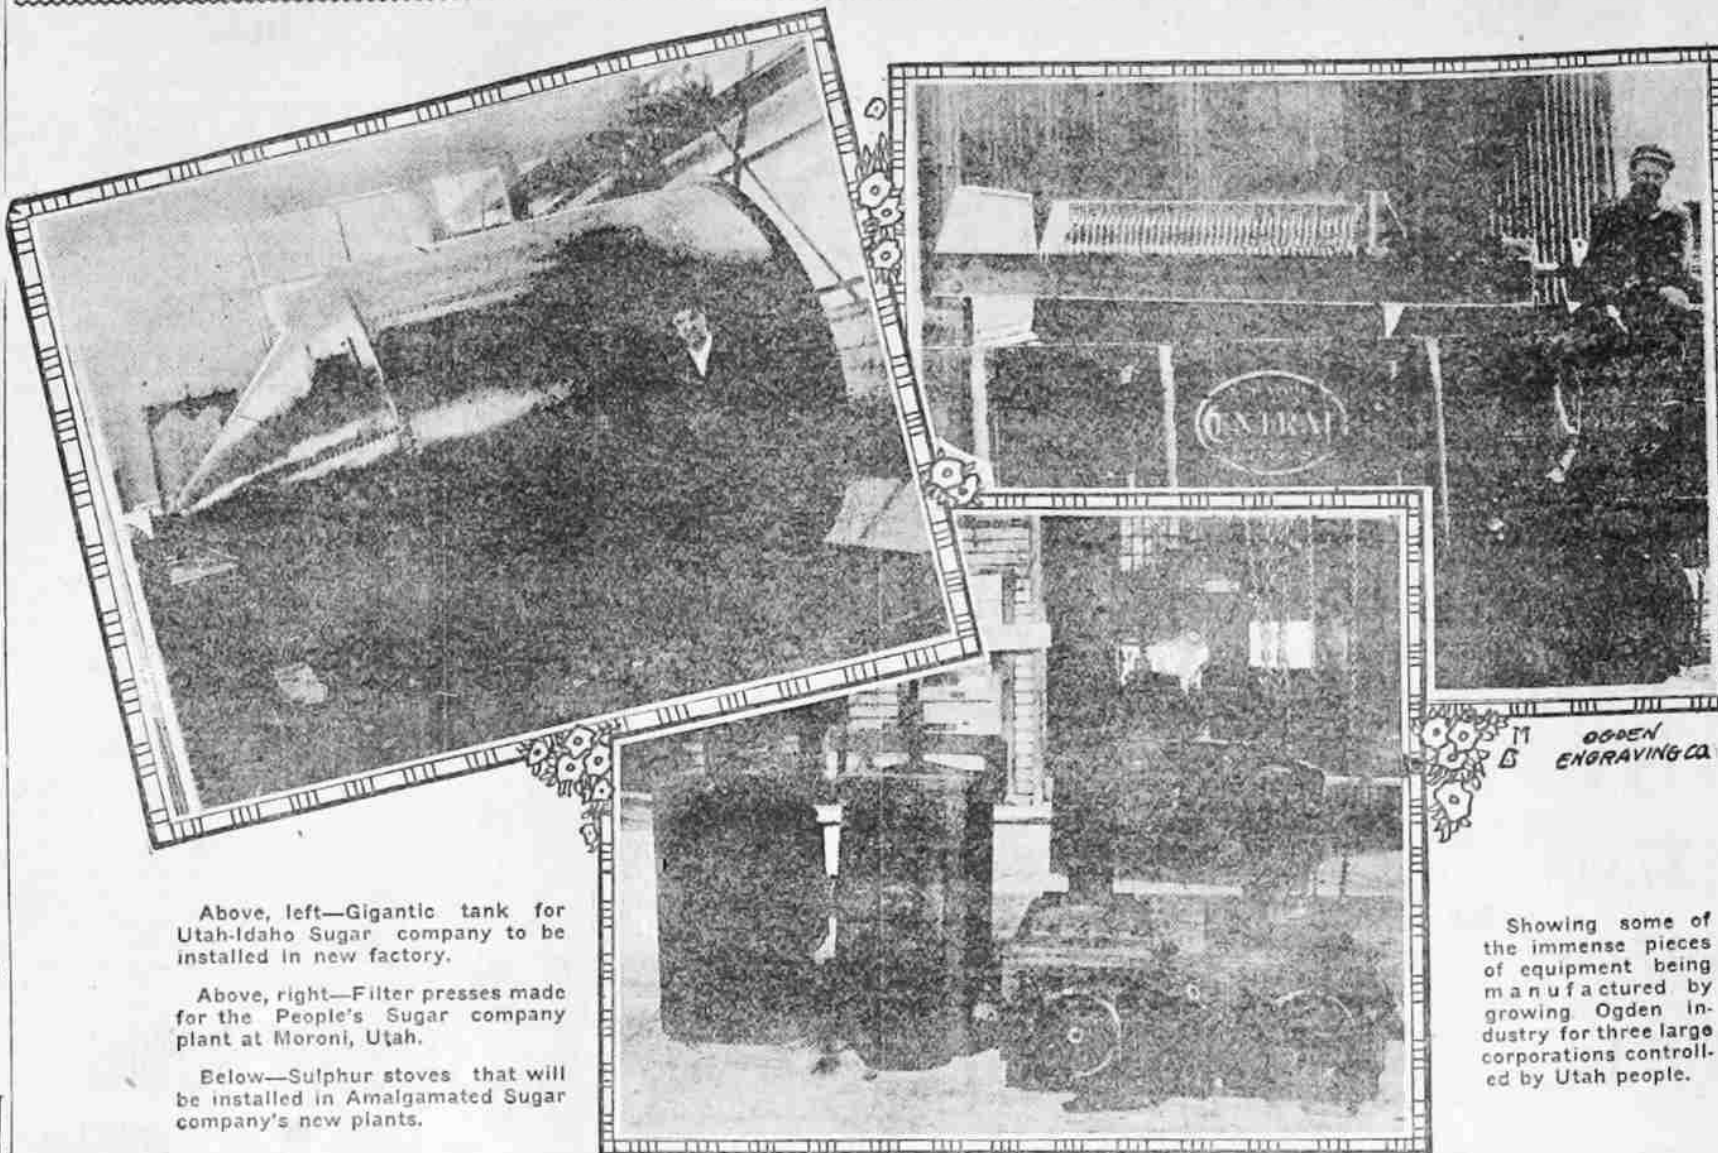

Song—"Columbia, the Gem of the Ocean," Elizabeth Shaw Hess, Mary Harrington Stevens, William H. Manning, Leslie H. Saville, Gertrude Biddle Bojorques, accompanist.

Flag Record—H. J. Parker.
Altar Service—Eskuse and other of ficers.

Song—"Auld Lang Syne," officers and members of lodge and audience.
My country, 'tis of thee,
Sweet land of liberty,
Of thee I sing:
Land where my fathers died,
Land of the pilgrims' pride,
From ev'ry mountain side,
Let freedom ring.
Retreat—Color guard, Troop B, N. G. U.

Selection—Southern Pacific band.

Ogden Iron Works Making Equipment for Large Sugar Factories in Utah and Idaho

Above, left—Gigantic tank for Utah-Idaho Sugar company to be installed in new factory.

Above, right—Filter presses made for the People's Sugar company plant at Moroni, Utah.

Below—Sulphur stoves that will be installed in Amalgamated Sugar company's new plants.

Sugar making machinery for three of the greatest sugar companies of the United States is now being made in Ogden, large quantities of equipment being prepared for this industry by the Ogden Iron works.

Included in the output of the iron works for the past week has been machinery of various types for the Amalgamated Sugar company, the Utah-Idaho Sugar company and the People's Sugar company. Five immense tanks for the Utah-Idaho Sugar company have just been completed and shipped. Several large filter presses have been made for the People's Sugar company.

ITALIANS OCCUPY JANINA, GREEK CITY

LONDON, June 10, 4:39 p. m.—The occupation by Italian troops of the city of Janina, in northwestern Greece, is reported in a Reuters dispatch from Athens. On receipt of this information at Athens the cabinet assembled to formulate a protest.

Janina is a city of about 25,000 inhabitants thirty miles east of the Albanian border and more than 100 miles below the battle front in Macedonia. In the last few weeks the Italians have been extending their operations from their base at the Albanian port of Avlona, taking over various southern Albanian and Greek towns. Last March Greece presented a note to Italy insisting upon the withdrawal of Italian troops from Epirus.

Slight British Losses.
LONDON, June 10, 7:08 p. m.—Referring to exaggerated German statements in regard to the number of British casualties in the battle of Messines ridge, Reuters' correspondent at British headquarters in France says that up to Friday evening the number of men of all ranks who failed to respond to roll call on the British side was just about 10,000. Judging from past experience, about 60 per cent of these are men wounded so slightly as to walk.

CLEARING HOUSE BANKS.

NEW YORK, June 9.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$68,719,200 reserve in excess of legal requirements. This is a decrease of \$28,150,510 from last week.

TO HELP YOUNG GIRLS

A Mother Wants Her Letter Published.

Eaton, Ill.—"I wish you would publish this letter for the benefit of young girls. My daughter suffered greatly from female trouble with cramps and headache, and backache most of the time. She never felt like working and it seemed as though she was sick all the time. I decided to try Lydia E. Pinkham's Vegetable Compound and it has helped her in every way, in fact it has really cured her, for she no longer has cramps, and no more headache or backache, and I want all young girls who suffer as she did to know about it."—Mrs. ALMA MILLS, Eaton, Ill.

Another Girl's Experience.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St., Newcastle, Ind.

Girls who are troubled as these young women were, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

tionally good position for manufacturing enterprises through the building of the Ogden Iron Works and its complete equipment is a view expressed by James W. Silver, general manager of the company. This view is based upon present national conditions.

"Practically all the iron works of the east and central states have contracted their output for two years in advance," said Manager Silver. "Previously, Utah companies have depended to a large extent on shipments from these plants. Therefore new concerns could not arrange for iron and other metal work in the east this year and probably will be unable to secure much during the next two years at least."

ROOSEVELT HAS HIS IDEAS OF WAR

Failure to Prepare Has Left America a Very Big Task.

PHILADELPHIA, June 11.—Theodore Roosevelt, in an address here last night at the annual memorial services of the railroad brotherhoods and the Order of Railroad Telegraphers, asserted that this country's new army should be "on the French, the democratic model; not on the Prussian, the aristocratic model."

"Let every boy in the country serve in the ranks," he said, "and let the promotion to officers come to the boy who shows himself fittest, whether he is the son of a bricklayer or a banker; of a bricklayer or a railway president. Let discipline be strict in the performance of duty, obedience instant and unflinching, but outside of service let it be understood that there is no social lines of cleavage between the one who does his full duty in one position and those who do their full duty in another. Doing their full duty—that is the only test."

Colonel Roosevelt declared, through unpreparedness and taking little thought of the morrow, the people of the United States have been attributing to their virtues much which they really owe to the fact that they are on a new continent separated by two great oceans from the Old World.

"We have utterly failed to prepare for the war that has come to us," he continued, "and now, with the utmost energy and good-will, but with a vast expenditure of money and effort, and with infinite hurry and confusion and blundering, we are endeavoring to make good—and at best we can only partially make good—the damage wrought by our foolish refusal to look unpleasant facts in the face."

Referring to the industrial situation, the former president declared, "this is neither the time nor the place to attempt to work out in detail all that must be done in attempting to solve the industrial problem."

"But," he added, "it is eminently desirable to lay down a few broad principles, because it is eminently desirable that our people should grow to accept these principles as part of their fund of steady conviction which determines popular action; and should cool-headedly begin to work out, by study and above all by cautious experiment, the methods of reducing the principles to action."

"We must shut equally the mere selfish egotist and the mere well-meaning fool," declared Colonel Roosevelt. "We should in every way foster and aid business; and we must remember that in the international world of today the big business unit is indispensable. Then, together, with this fostering and encouragement, should go such supervision and control as to secure the largest possible measure of equity in the distribution of rewards and profits; and, as far as proves feasible, a growing measure of property interest in, and directional control over, the business, by all who work permanently therein."

the name of the liberation of nations. Second, Socialist participation in the government does not mean a cessation of the struggle of the classes, but on the contrary its prolongation by political power. It was for this reason that the entry of Socialists into the ministry with representatives of the Bourgeoisie parties was impossible until some of the enemies of the Russian proletariat were interned and others were removed from power by the movement of the revolutionary masses the second and third of May."

They Are Guiding the Workmen and Soldiers' Delegates of Russia.

SOCIALISTS ARE IN FULL CONTROL

PETROGRAD, June 10, via London, 7 p. m.—The congress of peasants' delegates of all Russia has joined in the movement for the establishment of a republic in Russia. It has adopted a resolution in favor of a federal republic on democratic lines.

PETROGRAD, June 10, via London, 7 p. m.—The council of workmen's and soldiers' delegates has issued a statement regarding the entry of their delegates into the provisional government, with a view of meeting certain criticisms of their action.

The statement says: "First, Socialist ministers were sent into the government list workmen's and soldiers' delegates with the definite mandate to secure a general peace by agreement between the nations and not to prolong an imperialistic war in the name of the liberation of nations."

GERMANS HOLD GROUND.
BERLIN, June 9, via London, 4:05 p. m.—The British were unable to obtain any advantage in the fresh fighting last evening on the banks of the Ypres-Comines canal and the Douve lowlands in Belgium, the war department announced today.

EXCURSIONS NORTH

June 16, 30; July 7, 14, 21, 28 and later dates, via Oregon Short Line. Very low round trip fares to northern Utah and Idaho points for rates and full particulars call at City Ticket Office, Orpheum Block or phone 2500.—Advertisement.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.—Advertisement.

GREAT AIR FLEET IN UNITED STATES

Movement Under Way to Equip Aerial Army for European War.

WASHINGTON, June 10.—America's drive for a billion-dollar air fleet is on in earnest tonight.

Representative Murray Hulbert of New York, who, with Senator Morris Sheppard of Texas, has introduced a bill for the creation of a department of aeronautics as the first step in a comprehensive offensive and defensive program, had a conference today with Rear Admiral Robert E. Peary, chairman of the national aerial coast patrol commission, and Howard E. Coffin, head of the aeroboard of the national council of defense, on the whole general aerial subject.

They mapped out plans for the creation of the department, which shall have exclusive control of all aeronautical matters and whose chief shall be a member of the president's cabinet. The aerial sponsors also want, according to Mr. Hulbert, a vast sum, probably \$1,000,000,000, to give the United States the greatest air fleet the world ever saw.

Experts of both the army and the navy are to testify on Tuesday at a hearing to be begun by the senate military committee on the Sheppard-Hulbert bill.

The nation's present unpreparedness will be explained by government officials who have just made a survey of the present naval equipment.

The congress will make at least \$1,000,000,000 available for the development of the country's air service before the present session ends was the confident prediction tonight of Representative Hulbert. Congress has already agreed to set aside \$54,000,000 for the world. The item included in the urgent deficiency bill has passed both houses and now is in conference.

SHEPHERD SHOT; WOMAN IS JAILED

SALT LAKE, June 11.—As the outcome of a struggle for possession of a revolver in a room at 273 West Third South street yesterday morning at 7 o'clock, W. L. Jones, 36 years of age, a shepherd, lies in a critical condition at the emergency hospital with his abdomen perforated by a bullet, while Tilly Jones, 40 years of age, a rooming house proprietress, is being held at the city jail on an open charge pending the man's fate. Little hope was held out for his recovery at the hospital last night.

Both claim the shooting was accidental.

MORE LOANS MADE.

WASHINGTON, June 9.—Loans of \$3,000,000 to Serbia and \$75,000,000 to Great Britain were made today by the treasury.

A Lesson in Lubricating Your Car

Lubrication has been fifty years behind the science of mechanics. But the advent of the automobile caused an awakening. Since the original squeak was first greased with a piece of Dinosaurs fat, the greatest advance in lubrication has been the discovery of the value of graphite as a lubricant.

The squeak is the cry of the wear and tear of friction, caused by the grinding one over the other of microscopic spurs, pock-pits and other roughnesses that are present in even the most highly polished bearings. Oil and grease stop the squeak, but do not eliminate the grinding.

Dixon's selected flake graphite fills up these irregularities of surface and makes a smooth, oily veneer that grows harder and smoother and finer the more it is rubbed and used.

But all graphite is not lubricating graphite. To lubricate without balling up or packing, the flakes must be peculiarly thin, flexible, oily and absolutely free from harmful impurities. Dixon's selected flake graphite is absolutely the only graphite produced that has these qualities.

If you will put Dixon's Graphite Transmission and Differential Grease No. 677 into your car for a try out, we guarantee you will live to swear by graphite lubrication. There's a special Dixon Graphite Lubricant for every part of your car. Sold by all dealers and garages where you can rely on the best of everything.
